- 89. Insurance and medical malpractices**
- 90. Stereotyping and nonverbal communication**
- 91. Access to public information and privacy**
- 92. Children's encoding and decoding**
- 93. Attention and emotion and cultural differences in music preferences**
- 94. Cognitive processes and culture**
- 95. Automatic and controlled emotion processes**
- 96. Social processes and culture**
- 97. Facial photographs and first impressions**
- 98. Wakeup responses and sleep quality**
- 99. Actual assessments of juvenile offenders**
- 100. Pros and cons of age to brain memory**
- 101. Hands-free texting**
- 102. Silicon carbide rectifiers**
- 103. Electronic applications and devices and high temperatures**
- 104. Overhead lights and navigations**
- 105. Remote household and power consumption**

106. Detector for open parking space
107. Latest on audio tuners
108. Voice commands in controlling a mobile device
109. Smart circuit protectors
110. Wireless control of traffic
111. Mobile applications and learning
112. Biggest challenges of computer security
113. Emergency recovery plans
114. Accounting systems and automation documentation systems
115. Biggest data challenges
116. RFID security challenges
117. Affordable internet technology and tech support system
118. Material retrieval from storage study
119. Gadget web monitoring
120. A study of a network navigation system
121. Aviation management of the biggest airlines
122. Runways – how safe
123. Aircraft crash – chances of life survival
124. Aviation and economy
125. Low cost carriers and their futures
126. UAV market analysis
127. Challenges of aircraft crews
128. Crew sleepiness in flight
129. Airfield operations and unmanned aircraft systems
130. Crew PASS demo project
131. Automated report aid design
132. Healthcare software design
133. Estate valuation system design
134. E-ticketing software design
135. Medical records access online
136. Verification number systems
137. Retail industry supply chain software design
138. Challenges of an IT professional

- 139. How to automate market based analysis**
- 140. How to develop a math placement test**
- 141. Microfinance – how does it empower women?**
- 142. Firms and cash flow**
- 143. Bank privatization impact on employees**
- 144. Capital investment among small businesses**
- 145. Equity for the funds' choices and debt analysis**
