

The background of the entire page is a repeating geometric pattern of squares and diamonds in various shades of blue, ranging from light sky blue to a darker, more saturated blue. The pattern is arranged in a grid-like fashion, creating a textured, mosaic-like effect.

TOP 100 DNP CAPSTONE PROJECT IDEAS

- 1. Reducing harm from medication errors through medication education training**
- 2. Pharmacogenetic Testing for depression**
- 3. Pediatric Asthma home management plan of care to improve clinicians' compliance**
- 4. Meningococcal meningitis and latest preventative toolkit**
- 5. Methods to minimize distress for organ transplant patients**
- 6. Clinical metrics for patient centered medical home status for diabetes management**
- 7. School-based Asthma protocol review**
- 8. Patterns and provider knowledge of HPV Vaccination on active duty men**
- 9. An in-depth review on Influence Transformational Leadership style for nursing staff in acute care hospitals**
- 10. Random household survey in underserved urban community**
- 11. Fall prevention success in the medical surgical setting**
- 12. Routine HIV testing effectiveness for hospitalized patients**
- 13. Implementation of an evidence-based, in-patient alcohol-detoxification guide: Best for culturally diverse adults**
- 14. Preeclampsia development and the 2nd trimester effects of blood pressure**
- 15. Enhancing inpatient heart failure training and development**
- 16. Self-management programs for diabetic mentally ill inmates**
- 17. Autism Screening Research put into practice**
- 18. Nursing informatics and the present status quo of competencies and certification**
- 19. Call center and online database and for health information**
- 20. Heart failure: inpatient education and Enhancement**
- 21. Medical home adaptation plan**
- 22. Online learning lounge linked to practice**
- 23. Screening to test nurses' knowledge of palliative care**
- 24. Palliative care and its status quo in acute-care hospitals for non-metropolitan setting**
- 25. Examining nurses' attitude towards palliative care**

- 26. Interviewing Learning Community in a daily practice**
- 27. Proper nutrition on students**
- 28. Effects of mass media on children**
- 29. Necessity of leadership for doctors on nursing practice**
- 30. Implementing curriculum and simulation for Military CRNSAs**

- 31. Dementia care for nursing home models**
- 32. Smoking cessation programs to help patients with coronary artery disease**
- 33. Hepatitis C: What you should know**
- 34. Getting to know ovarian cancer through education and training**
- 35. Techniques to enhance patient flow in an emergency care facility**
- 36. Warnings for obese women ages 40-65**
- 37. How to enhance community health**
- 38. Nutritional awareness and dietary habits**
- 39. Type 2 diabetes in Africa**
- 40. Comprehensive clinical practice guideline for Neonatal Intensive Care Unit**
- 41. Hepatitis C on HIV population**
- 42. Guideline for assessment of pain in long-term care**
- 43. Lifestyle-based education to improve food choices**
- 44. Comprehensive knowledge on National Asthma guidelines for nurse practitioners**
- 45. Laboring women and pain management**
- 46. Online school for nursing education**
- 47. Health education for high school students**
- 48. Effects of physical activities for school children**
- 49. Web-based tools**
- 50. Advanced practice nurse assessment and job description**

- 51. Utilization of internet-based social networks to promote health to the Hispanic and Latino population**
- 52. A specific education unit and strategic plan**
- 53. Nursing role on the effects clinical-academic partnership education and socialization**
- 54. Treatment for childhood obesity**
- 55. Multiple sclerosis symptoms**
- 56. Things to know about Metastatic Pancreatic Cancer**
- 57. A link between HIV and diabetes**
- 58. Dehydroepiandrosterone on menopausal women**
- 59. Consequences of having Geriatric nurse practitioners in a hospital**
- 60. Methods on how to enhance Antihypertensive medications**
- 61. Reducing challenges of being a caregiver**
- 62. Fundamentals of nanotechnology**
- 63. Preventing antibiotic overuse through delayed antibiotic education intervention**
- 64. Preventing burnout**
- 65. Enhancement the quality of life**
- 66. Intervention on cultural sensitive dietary**
- 67. How to monitor yourself on heart failure**
- 68. Effective starters for weight loss**
- 69. A comprehensive guide on patient safety**
- 70. Anal intraepithelial neoplasia on HIV victims**
- 71. Promoting hypertension awareness**
- 72. Alcohol management on community hospitals**
- 73. Effects of college hookups: Should people worry?**
- 74. Things to know about nonalcoholic fatty liver disease in women**
- 75. Assessment of male partner during labor**

- 76. Mild Cognitive Impairment evaluation**
- 77. Adult immunization knowledge and attitudes**
- 78. Status quo of Anesthesiology Controlled Medication Security in an ambulatory surgery center**
- 79. Healthcare reaching out to children in poverty**
- 80. Interprofessional coordinated care for a care delivery system**
- 81. Cardiovascular competency test**
- 82. Quality of asthma diagnosis in private pediatric setting**
- 83. Patient centered medical home and primary care practice**
- 84. A macro system to minimize mortality**
- 85. Training for nursing students with learning disabilities**
- 86. Lowering the stress of caregivers**
- 87. Float RNs**
- 88. Advance care planning for those experiencing homelessness**
- 89. Operating room efficiency**
- 90. Criteria of academic electronic health record system in Nursing schools**
- 91. Consequences of intergenerational trauma**
- 92. Intensive care model in pediatric primary care**
- 93. Colorectal cancer in a Gastroenterology practice**
- 94. Electronic health record design**
- 95. Influenza vaccination rates for children**
- 96. Antipsychotic for Nursing homes**
- 97. Orthopaedic trauma patient population**
- 98. Gynecologic cancer treatment**
- 99. Benefits of nursing student work-study internship**
- 100. ICU designs and improvements**
